

Voss Farms Chicken Order Form

It's that time of year!! **CHICKEN TIME.** Soon it will be warm enough to let those chickens free range outside to grow big and healthy.

We raise our chickens the old fashioned way, with good feed, free range grass and bugs, and a whole lot of love. Our chickens are raised without the use of any soy or soy products. They are given **no** medicated feed, **no** antibiotics, **no** growth hormones, **no** synthetic chemicals of any kind.

We are proud to offer good, clean meat products that are tasty, tender and healthy.

Your take home birds will average 4.5 pounds per bird and cost \$4 a pound. That price includes basic processing. Additional processing is available for an extra fee. We ask for a \$5 deposit per bird. Orders received by April 25th will be given a 5% discount to be used on balance of cost at time of pick up.

Name:

Address:

Phone number:

Email address:
